CODIB West Coast Field Trip

1. We have begun to firm up plans for the CODIB visit to various facilities on the West Coast which engage in activities of interest to us.

25X1 2. Attached is a tentative itinerary. Please note that we would leave the morning of a holiday - 11 November - and return the following week end. The stop at [] would probably depend on whether or not Saturday is a workday there.

3. Letters are going out to the heads of these organizations to ascertain if they would wish to brief us and show us some of the work in which they are engaged. More informal follow-up contacts will be used to firm up details.

25X1 4. I have extended invitations to []
[] to accompany us on this trip. Some will in all probability accept.

25X1 5. []
[] I believe we should plan for each to travel on orders from his parent department or agency and rely thereon for per diem and incidental expenses.

7. Please take early action to determine if you will be going, and who else if more than one, so we can reallocate billets not needed. Keep in touch with me or the Secretary on any aspect of this project.
